Tools	Git , GitHub , VS Code
Other	OOPS , DBMS , REST API , JSON

PROJECTS

WearWell – E-Commerce Website

Developed a fully functional e-commerce platform for clothing, watches, and footwear. Designed a responsive user interface using HTML, CSS, and JavaScript for a seamless user experience. Implemented product catalog, shopping cart, and order management system. Dynamic back-end built with PHP and integrated MySQL database for secure user authentication, product storage, and order tracking. Focused on improving usability, smooth navigation, and efficient database handling. ([Check It](#))

Day Dream Cafe – Café Website

Designed and developed an interactive café website to showcase menu items, enable online table booking, and facilitate food ordering. Reactive front-end built using HTML, CSS, JavaScript, and React.js for smooth navigation and dynamic UI. Implemented back-end with Node.js for handling bookings, orders, and server-side logic. Integrated payment gateway for secure online transactions. Enhanced user experience by focusing on responsive design and real-time order management.
